

LORAIN COLEMAN PHYSIOTHERAPISTS

Loraine Coleman Physiotherapy is a general physiotherapy practice, with special interest in Women's Health and Paediatrics, situated in Alberton.

At Loraine Coleman Physiotherapists we not only understand the effect of illness, pain and discomfort on your daily life, we strive to lessen your symptoms with our gentle and customized hands-on approach, using the latest physiotherapy techniques and technology.

Our therapists are well trained in paediatric neurodevelopment, chest conditions and musculoskeletal conditions.

Physiotherapists are first line practitioners which means that you do not need a referral by a doctor to come and see us. We are medically trained and are qualified to assess and make a diagnosis. You will be referred to a specialist if we deem it necessary.

At Loraine Coleman Physiotherapists we are available to treat patients at our treatment rooms and gym located in New Redruth, Alberton; patients admitted to the Netcare Clinton and Netcare Union Hospitals; as well as children at various preschool and baby centres.
